

APOSTOLIC CHRISTIAN CHURCH BIBLE LESSON OUTLINE

First Quarter, 2003

THEME: THE FIRST CHURCH OFFICERS

INTRODUCTION:

In the fourth quarter of 2002 we began studies of “The Early Church” based on Acts 1-5 and the General Epistles. In the first quarter of 2003, we continue this series, going as far as Acts 15. Since Peter and James were active in leadership during this period, we shall have a number of lessons from their Epistles, plus a lesson from the one-chapter book of Jude.

Increasingly this cycle shows the value of a seven year program for going through the Bible. This more leisurely pace enables us to cover the Bible more thoroughly than at any time in the past. The Bible will become increasingly real to your students, making it a real “Bible Study”.
